MEMORANDUM FOR: Assistant Director for National Estimates
FROM : Deputy Director of Central Intelligence

1. In connection with your request for delay in meeting the 27 February deadline for the Attorney General's estimate on the introduction of nuclear weapons clandestinely into the United States, I mentioned this to the Director and he understood the problem and was agreeable to the delay under the circumstances.

2. I suggest if you cannot table a paper by 6 March that you take it up with the Director again so that he may clear it with the Attorney General.
